NOTES—First Sheet

H No 1170

Serial
No

3 Submitted 27/4 The proposal of sanctioned
N 36 (M 19) involves a increase in
295 recurring exp^r of 144 Rs p a f
It is very likely that this will be
quoted as a precedent by other A V
schools and fort ~~ham~~ forced to meet
fresh exp^r In the present ^{condition} state of
our the States finances, only absolutely
necessary exp^r should be all owed, and
I am afraid the present item cannot be
regarded as such -

5 From the report it is seen that
only High schools are ~~for~~ have got
separate gymnastic teachers and no A V
School has got one It is therefore
preferable to continue the existing
practice and ~~not~~ ~~Sanction~~ ~~not~~ not
extend them to A V Schools -

6 Gymnastic instructors are
necessary only in schools containing
higher classes where grown up boys are
reading - In A V schools which have
classes only up to the lower secondary
the boys will generally be too young
for gymnastics and the physical
exercise which they need will be
mostly in the form of drill & games

Serial
No

maybe looked after by

not a matter in which the ~~Financial~~
~~Secretary~~ it is necessary for the
Financial Secretary to note ~~before the~~
where the file comes in the first instance
for the question of Branch II

Reservy 18/

H.
29/12

If such cases were to be noted on
by me at the earlier stages my work
would become too much. It was for this that
the arrangement referred to by the Asst Secy
above was made.

19 As regards the present case it is well-
known that a considerable part of the pupils
of an A-V school is ^{generally} in the infant class of the
class just above. The number of students in
the forms I II & III who alone can derive
some benefit from a gymnastic instructor is

Serial
No

under such circumstances

generally very small. It is a question whether, ^{short-time} gymnastic instructors are necessary in A-V schools & whether the provision made for such instructors in all the High schools of the State is not sufficient.

20 In dealing with a question like this Govt are bound to look at it from the broad stand-point of general requirements & financial considerations. One school out of so many cannot be singled out for special treatment by Govt. There must be a general principle in such matters. The fact that at a particular time a man is available at a certain place should not guide their course of action in a matter like this.

21 But though that is the portion of Govt, the good people of Doddballapur "who are very eager regarding the physical education of the school children" are not hampered by such considerations. They are free to improve ^{the educational facilities & village} their own ~~school~~ & provide for it what Govt cannot provide for all ^{places -} ~~schools~~. The proper thing for the inhabitants is not to let their eagerness evaporate in a prayer to Govt to appoint a local man who is available on Rs 12/- a month but to crystallize it in subscriptions aggregating

GENERAL AND REVENUE SECRETARIAT

Council Matter

SUBJECT

Apprenticeship of a gymnastic instructor
at Rs 12/ per mensem for the A.V. School
at Doddaballapur

CIRCULATED TO COUNCILLORS

By Order

26th July 1912

W. S. Srinivasan for 27/7
Offg. Secretary to Government

First Councillor

Second Councillor

Submitted to His Highness

The inhabitants of Dodballapur having asked for a Gymnastic Instructor for the Anglo-Vernacular School there for the physical education of their children and stated that a local man was available, the Inspector General of Education has sought sanction for the appointment of a Gymnastic Instructor on Rs 12 from 1st July 1912

2 The proposal having been referred to the Financial Branch for remarks, the Financial Assistant Secretary has noted that the present item cannot be regarded as an absolutely necessary expenditure, that no Anglo-Vernacular School has got separate Gymnastic Teachers, that such teachers are necessary only in schools containing higher classes where grown-up boys are reading, that in Anglo-Vernacular Schools the boys will generally be too young for gymnastics, that the physical exercise which they need will be mostly in the form of drill or games which may be looked after by one of the schoolmasters and that for these reasons the proposal must be negatived

3 The First Councillor was of opinion that the

proposal deserved to be sanctioned

4 When the papers came up before me, I called for information as to the average and maximum and minimum ages of the pupils in the Anglo-Vernacular School who would come under the Gymnastic Instructor's tuition and as to whether gymnastics were suitable at those ages. The information furnished showed that in the Educational Rules, the average age of the boys in Anglo-Vernacular Schools was taken to be 8 to 13 years in the different classes, that the maximum and minimum may perhaps be taken to be a couple of years more or less and that the necessity of arranging for physical exercise and Field games had also been dealt with in them (vide pages 5 and 11 of the Educational Rules, Part I)

9 notes - 5 I thereupon agreed with the First Councillor

6 The papers were then forwarded to the Financial Secretary for his opinion as required by para 8 of Government Order of May 1907

Pages 5-7 of notes 7 The Financial Secretary has noted at some length in his note dated 2nd July 1912. He has stated that one school out of so many cannot be singled out for special treatment by Government, that there must be a general principle in such matters and that the fact —

that^{at} a particular time a man is available at a certain place should not guide their course of action in a matter like this. He adds that the proper thing for the inhabitants is not to let their eagerness evaporate in a prayer to Government to appoint a local man who is available on Rs 12 a month, but to crystallise it in subscriptions aggregating Rs 12 a month and employ this man for the benefit of the whole village including the school children.

8 The papers came up before me once again when I ordered the same to be circulated to Councillors. I thought it undesirable to associate school children with the general public attending a Talimkhana and considered that Rs 12 was not too high a salary for a good Gymnastic Instructor. I also remarked that it was desirable to gradually introduce Gymnastics in the General Curriculum of Anglo-Vernacular Schools and that it was an advantage to begin instruction betimes before one's muscles get rigid by age. I was in favour of the Inspector General's proposals.

9 The First Councillor fully agreed and added that we might begin in this school and spread the system after judging of the results of the experiment.

10 The Second Councillor called for statistics

showing the strength of the school which showed that there were in all 403 pupils of whom 202 were below 12 and 201 above that age and thereupon recorded the opinion that a case had been made out for the appointment of a gymnastic Instructor and that the same may be sanctioned

11 I submit the papers for orders I agree with the Councillors that the proposal deserves to be sanctioned
